Group chat getting mean?

If someone is being picked on or pressured in a chat, you can get help.

1. **Don’t join in.**
   Don’t reply with insults or pass mean messages on.

2. **Take a break from the chat.**
   You can mute it or step away.

3. **Tell an adult you trust.**
   Try a teacher, parent or carer.

You don’t have to handle it alone.
